

BROCK SMITH

CUSTOM HOMES, L.L.C.

Client Testimonials:

We cannot put into words how enjoyable our experience has been with Brock Smith. From the very beginning of the project to the very last detail, everything was handled very professionally and in a timely manner. – Dave and Janet Sandona

Brock Smith Custom Homes exemplifies integrity, accommodation and attention to detail, the most important qualifiers when entrusting our dreams and dollars to a builder. – Kathleen and Victor Woodward

We wanted to let you know how pleased we are with the home you built for us in Tumble Creek. It couldn't have been a more positive experience from beginning to end; having never built a custom home before we weren't certain what to expect. With your help and that of your staff every step went very smoothly. It was evident that everyone who works for Brock Smith Custom Homes takes pride in the job they do.
– Ron and Carol Leuning

Having never built before – everything was new to us – and we were naturally nervous and a little lost. Brock and his crew helped us work our way through each part of the selection and decision process – and they were always available to answer every question, and solve every challenge that arose. The entire process was handled smoothly, and the vendors Brock suggested we go to for lighting and plumbing fixtures, granite and hard surfaces, etc. were very professional and helpful. Best of all – we have a beautiful home and it was completed in a little over 10 months – what more could we ask for!!! - Jesus "Chuy" Gonzalez and Paula Bianchi

Brock and his team arranged every necessary meeting from the conceptual architectural meetings right on through the project. They offered options and suggestions, and kept our wishes and desires at the forefront. I would heartily recommend Brock Smith Custom Homes to anyone intending to build a quality home to fulfill their dream. – W. Winn Spears

Our biggest point of praise can be focused in two areas. There being excellent communications and availability, and outstanding organization of staff and supporting subcontractors. These key areas are what I believe sets Brock's organization apart from all the other groups actively working in Suncadia and Tumble Creek. – Bob and July Mullins

We are extremely happy with our new Brock Smith home. The level of finish and overall quality are fantastic. The experience was first-class. We would highly recommend Brock Smith and his group for any construction project – and have done so many times already. – Greg and Kerri Farnum

Never have we questioned our decision to go with Brock Smith Custom Homes. Your team is extremely professional and knowledgeable. We have always known that we made the right choice with you.
– Margo Thompson and Tom Van Halm
